# About Fullers Earth

Fuller's earth is non-plastic, non-swelling-type of clay that can be used to decolorize, filter and purify animal, mineral & vegetable oils and greases

Fuller's earth has been declared as 'Minor Mineral'

# Resources in India

**About 74 % of the total resources of Fullers Earth are located in Rajasthan.**

The remaining resources are in Telangana (10%), Arunachal Pradesh (8%), Assam (7%), and negligible quantity in Karnataka and Madhya Pradesh

# World Resources

World resources of clays including Fuller's Earth are quite large

**USA is the major producer. Other major producers are Spain, Mexico and Senegal.**

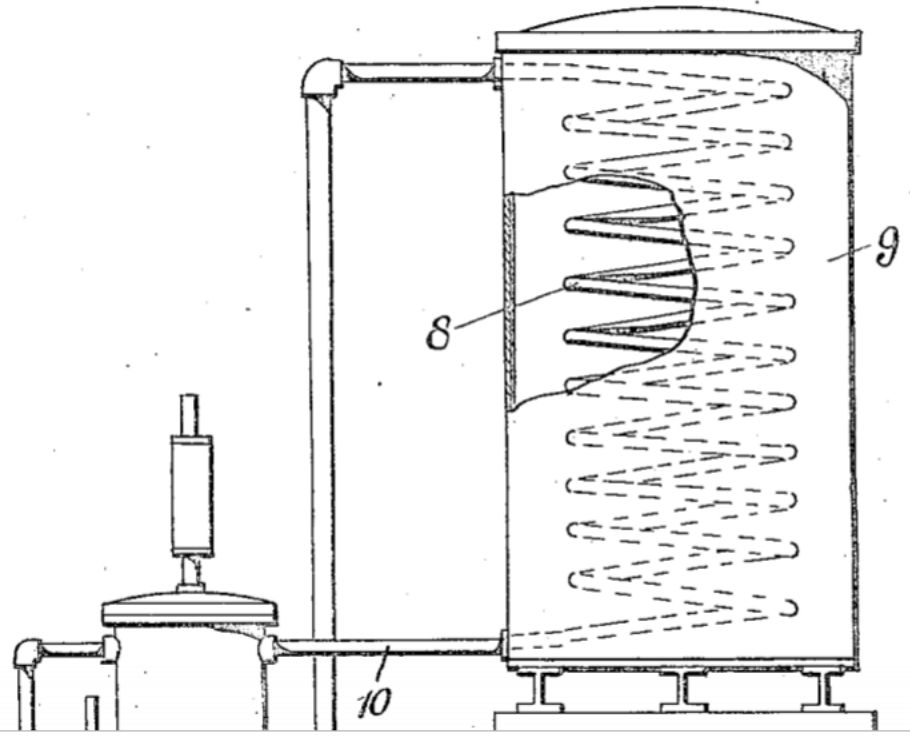

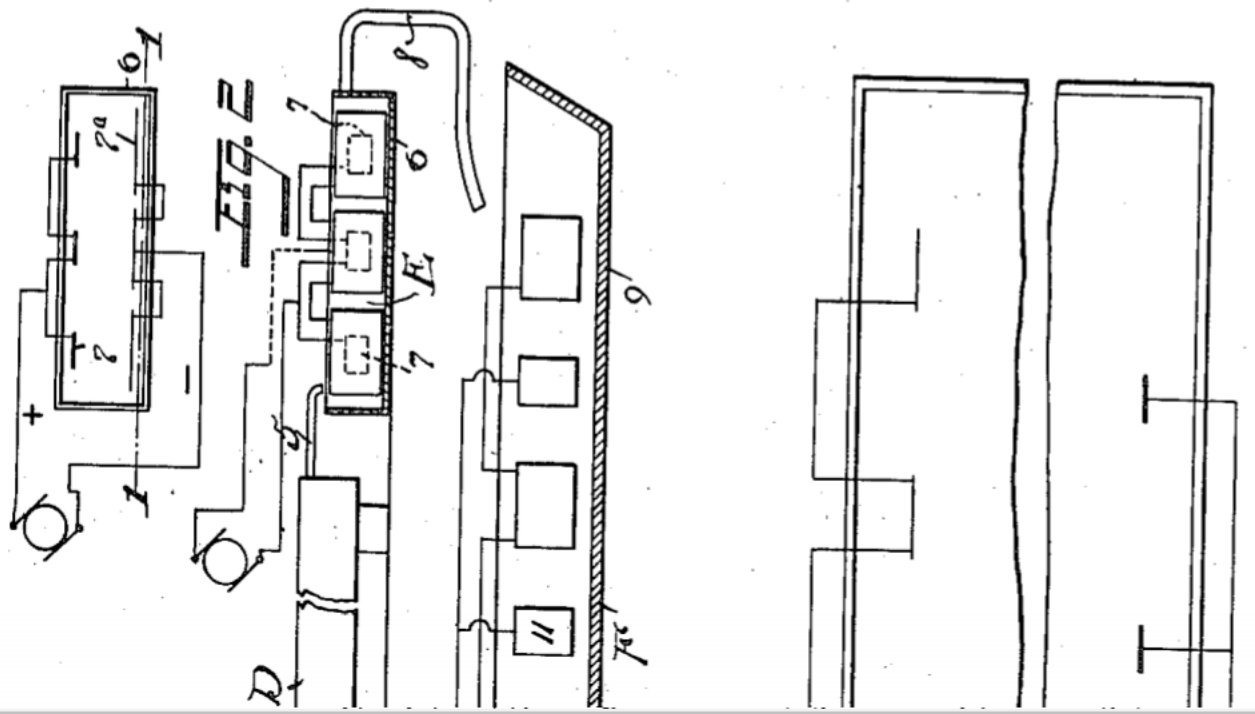

1,112,650.

PROCESS OF TREATING FULLERS' EARTH.  
APPLICATION FILED AUG 29, 1906.

Patented Oct. 6, 1914.

C. C. RUPRECHT.  
METHOD OF SEPARATING AND PURIFYING FULLERS' EARTH AND ANALOGOUS MATERIALS.  
APPLICATION FILED AUG. 5, 1910.  
1,024,104. Patented Apr. 23, 1912.

3.	Mineable Reserves	<b>Type</b>	<b>Geological (T)</b>	<b>Mineable (T)</b>
		Proved	47,166	18,735
4.	Production	<b>Year</b>	<b>Saleable (T)</b>	<b>Waste (T)</b>
		First	2515.59	279.51
		Second	2515.97	279.55
		Third	2513.32	279.26
		Fourth	2514.38	279.38
		Fifth	2513.16	279.24
		<b>Total</b>	<b>12,572</b>	<b>1,397</b>
		Average	2514.48	279
5.	Cost of the Project	4 Lakhs		
6.	Manpower Required	29 Persons (Total)		

# CAS-No.: 8031-18-3 MSDS

LABORATORY REAGENTS  
& FINE CHEMICALS

## MATERIAL SAFETY DATA SHEET (MSDS)

### SECTION 1: Identification of the substance/mixture and of the company/undertaking

#### 1.1. Product identifier

Product form	:	Substance
	:	
CAS-No.	:	8031-18-3
Product code	:	03890

#### 1.2. Relevant identified uses of the substance or mixture and uses advised against

##### 1.2.1. Relevant identified uses

Industrial/Professional use spec	:	Industrial For professional use only
----------------------------------	---	---

##### 1.2.2. Uses advised against

No additional information available

**Multani Mitti**

**Applications**

**Fullers Earth Deacidification Plants**

**FULLERS EARTH GRANULAR**

**ACTIVATED BLEACHING EARTH:**

**FAQ**

**Fullers Earth & Allied Clays market competition by top manufacturers**

**The Packed Column System**

**SAFETY DATA SHEET FULLERS EARTH**

**Fuller earth/bleaching earth for refined soybean oil/peanut oil**

**Fuller's earth is very popular and most used component for industrial oil regeneration (oil recycling) all over the world.**

**Fullers Earth for edible oil refining**

**CARBON / CARBON BLEND POWDER:**
